

SHARON SHIJU PK

MERN Stack Developer

📞 +91 9895438132 @ sharonshiju261@gmail.com 🔗 https://sharonshiju.netlify.app/
📍 Kannur, India

SUMMARY

I am a highly motivated and results-driven MERN stack developer with expertise in designing, developing, and deploying responsive and user-friendly web applications. I have a strong foundation in both front-end and back-end technologies, including React, Node.js, Express, and MongoDB. I have successfully completed hands-on projects and an internship, gaining practical experience in developing web solutions. I am passionate about problem-solving, continuous learning, and contributing to collaborative team environments

EXPERIENCE

Intern

Synnefo Solutions

📅 02/2025 - 02/2025 📍 Ernakulam

Internship

- Achieved full-stack development skills (MERN)
- Successfully completed hands-on projects

EDUCATION

EXPERIENCE Intern Synnefo Solutions – Ernakulam February 2025 Completed a hands-on MERN Stack Development Internship, gaining practical experience in full-stack application development. Worked on real-time projects including an e-commerce platform and a real-time chat application, applying core concepts of React, Node.js, Express.js, and MongoDB. Gained proficiency in tools such as Postman for API testing, Git & GitHub for version control, and Visual Studio Code for development. Learned to build and integrate RESTful APIs, implement authentication using JWT, manage state with Context API, and handle responsive UI design with Tailwind CSS. Followed best practices in modular coding, debugging, and code documentation under the mentorship of senior developers. Developed an understanding of agile workflows, task tracking, and working in a collaborative development environment.

Synnefo Solutions

📅 08/2024 - 03/2025 📍 Ernakulam

Bachelor of Computer Applications (BCA)

MET College, Calicut University

📅 01/2018 - 01/2021 📍 Calicut

PROJECTS

E-Commerce Website

📅 01/2023 - 01/1970

E-Commerce Website

- Developed a fully functional e-commerce platform with user authentication, product management, and payment gateway integration
- Technologies: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

Chat Application

📅 01/2023 - 01/1970

Chat Application

- Created a real-time chat application using the MERN stack and Socket.io for instant messaging
- Features include user authentication, real-time messaging, typing indicators, and a responsive UI
- Technologies: React.js, Node.js, Express.js, MongoDB, Socket.IO
